Estimated Time for Outside Work:

Students may be required to complete reading assignments, homework, and prepare for quizzes and exams outside of class hours. The success of each student depends on their use of class time and personal time to ensure they have learned the content of the course and have done all the skills and hands-on activities prepared for the class.

Refund Policy:

Payment is required at the time of registration.

Choose your class carefully, refunds are not automatic. Registration fee of \$70 is non-refundable*. Once a class has started, refunds are calculated as followed:

- If a student paid in full at the start of the class, a withdrawal prior to the midpoint of the class will allow 50% of fee refunded. After the midpoint of the class, there will be no refund allowed.
- If paid in installments, there will be no refund.

*For Accelerated Electrical Day Class: Registration fee of \$500 is non-refundable. The completed first payment is due the first week of class. There will be a monthly schedule of five equal payments set for those who choose to not pay in full. If two payments are missed, the student will be dropped from the class.

An installment fee of \$25 is assessed for installation payment with the exception of the Accelerated Electrical Day class.

Additionally, a late fee of \$25 is assessed if payments are more than one week late after the payment is due.

Textbooks/materials:

Each course has its own textbook and/or materials that are required by the instructor. Required textbooks and/or materials will be listed with the program description and reviewed by the class instructor on the first day of class.

Class Cancellation Policy:

Eden Area ROP Educational Services reserves the right to cancel any class due to low or declining enrollment. All fees including registration fee will be refunded.

Attendance:

Regular attendance is critical to a student's success in any program as a student gains maximum benefit from attending regularly. Absences and tardies will be recorded. Students should contact their instructor prior to the start of class if they are going to miss a class. Depending on the length of the class, the total number of allowed excused and non-excused combined absences will vary. 95% attendance and the required course work is the expectation to receive a completion certificate for any program. Each instructor will have specific details to attendance expectations and course completion.

Absences:

- If a student is out due to a medical issue, medical clearance must be provided within 24 hours of absence in order to review/validate and be approved by the program director prior to the student being allowed to return to the classroom.

For all absences, students are responsible for ensuring that all efforts are made to discuss as appropriate a plan for making up work during the absences. Not all work or assessments can be made up as some grades are based on hands on lab skills where the lab cannot be recreated. Some grades may be impacted due to the inability to recreate the assessment or skill check off.

Absences totaling over 5% of the class's scheduled meeting time may cause a student to be dropped. With respect to any absence, presentations and skills training cannot be duplicated which will impact the students' ability to earn their certification. It is the student's responsibility to notify the instructor of their absence. All make-up work and credit are subject to the instructor's approval.

Dress Code:

For some classes, uniforms are required for the classroom/lab and to be always worn. Instructors will explain the expectations and safety attire needed for each program. It is the student's responsibility to make sure they come to class dressed appropriately and ready for class. If the student is not dressed appropriately for the class, the student will be asked to change into appropriate attire and may be marked tardy.

Student Evaluation:

Student evaluation will be based on performance, participation, homework, quizzes, tests, hands on skills, and any other requested assignments. Instructors will measure individual progress and achievement of course objectives by students demonstrating satisfactory proficiency through a variety of assessments and evaluations.

Class Expectation:

Students are expected to prepare for class/lab by doing assigned readings, activities, participate in the class discussions/lab, ask questions, and share your personal experience with the class.

Smoking Policy:

Smoking and/or the use of any tobacco or e-cigarette product is prohibited within any school buildings, on school grounds, and parking lots, during school sponsored activities, in private vehicles parked and/or operated on property, and in any building in which services are provided by employees of Eden Area ROP.
